The Amateur Baseball Report (ABR) has agreed for 2008 to become a **Participating Organization in USA Baseball's 14U National Team Identification Series (NTIS)**. The NTIS will consist of two events, one on the East Coast and one on the West Coast, which will be held for the purpose of USA Baseball selecting the 2008 14U National Team. 216 players will compete over Labor Day weekend for the right to make The USA 14U National Team. Six 18 player teams will participate at each event. Five of the six teams in the East and one of the six teams in the West will be selected through Amateur Baseball Report events.

FOR MORE INFORMATION ABOUT THE 14U NTIS, PLEASE VISIT WWW.USABASEBALL.COM

The Amateur Baseball Report is a youth driven (9-18) state by state baseball magazine that will cover USSSA teams, players, and coaches. The ABR will offer instructional/educational pieces for coaches and parents, rank teams and players, and provide player journals and Q & A's for all involved. The ABR hits news stands October 2008, the future is now!

The ABR is the first comprehensive baseball magazine to feature player rankings. We have set a nation wide search to discover the best USSSA has to offer. Our team of professionals (pro scouts, college coaches, and former pro players) will be coming to your town to evaluate all interested players ages 12-15.

The ID camps will be run in a combine format. Each player will be tested on the 5 tools (Arm Strength, Fielding, Hitting, Power, and Run). Our staff will grade out each player under the same criteria, and overall grades will determine their ranking in the state and an opportunity to participate on one of the 14U NTIS teams. Additional camp information can be found at www.amateurbaseballreport.com.

I release ABR and all affiliates of all liabilities arising from any activities in the Player ID Camps for my child.
